

Do you wish to research your own family history? Perhaps you are not sure where to start? Or perhaps you have reached a brick wall and require a little help.

Irish Family Footsteps will be happy to provide an advisory service for clients in the Leinster area.

Please complete our Assessment Form, noting your address, and we will suggest an agenda and price for your requirements.

Typically, for a client setting out on the journey to discovering who their ancestors were, we offer a package involving

- A one-and-a-half hour initial meeting
- A copy (by email) of Irish Family Footsteps' guide to conducting your research. This simple, but extensive, guide will leave, at your fingertips, details of all the repositories and resources we will discuss.
- A further one- hour follow-up meeting.

The price of this package is €100 plus agreed travel costs.
